

The '51 Warwick

ANNUAL PUBLICATION OF
WARWICK HIGH SCHOOL
MORRISON, VIRGINIA

Betty A. Luegg
Homeroom #204

The Annual Class

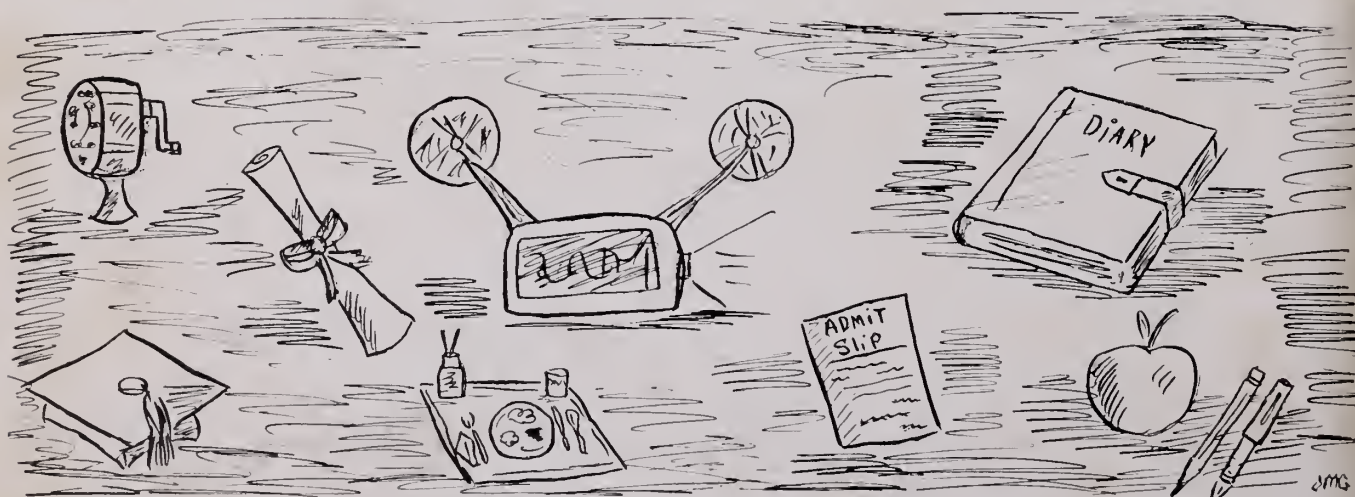

Presents

The '51

WE, the WARWICK Staff, are proud to present to the students and faculty of our school, who through their efforts and various activities have made this publication possible, the '51 WARWICK.

We have chosen as the theme of the annual "The Busy Little Farmer" and he is seen participating in the activities and functions of the school. This little Farmer symbolizes the spirit and good sportsmanship of our student body. As each student enters Warwick, he becomes a part of the Farmer and through his enthusiasm and co-

Warwick

ANNUAL PUBLICATION OF

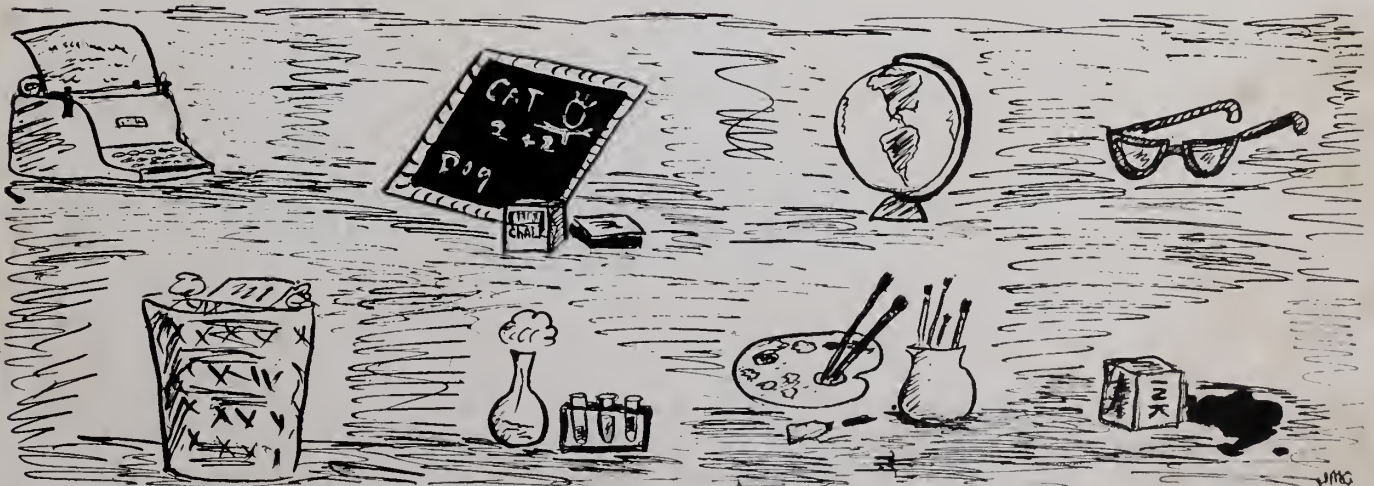

WARWICK HIGH SCHOOL

MORRISON, VIRGINIA

operation enables the school to remain the Alma Mater of which we shall always be proud.

Our aim has been to picture as closely as possible the life in our school as the Farmers grow toward their ambitions. With this aim and theme, we have published this annual and tried to fill it with memories and scenes that can never be relived and friends we shall never forget.

MR. CLARENCE A. DAVIS
Assistant Principal

SELDOM does the work of a man to whom a yearbook is dedicated so closely parallel a complete school program.

As he taught shop for several years himself, he is often seen visiting the boys and watching them progress in their handicrafts. This man is always willing to help make our school activities successful. Whenever he drops in on the Glee Club, he can't resist singing a few bars with them. He is a great supporter of all Farmer sports. When the time comes for faculty participation in games, he is the first one to say, "Play ball."

His warm personality and willingness to aid students in their personal problems, activities and school life, leave in the hearts of members of W. H. S. the memory of a man who has done much to strengthen the standing of the school.

With pride, gratitude and respect, we dedicate the '51 WARWICK

TO

MR. CLARENCE ALBERT DAVIS

Assistant Principal

MRS. SHEILD

Our Friends and Helpers

It is Mrs. Sally Sheild, Visiting Teacher of Warwick County, who brings homes closer to school by visiting the homes and talking with parents. She constantly aids students by approving workers' permits for those who wish to work after school hours.

Mrs. Winder, Director of Instruction, assumes responsibility for general direction of the high and elementary school programs of instruction under the direction of the superintendent and in cooperation with supervisors and principals of the white and Negro schools. She confers with teachers in cooperation with the principal and visits the classrooms.

Miss Satterwhite is the Supervisor of Art Instruction in all Warwick County Schools. She advises, aids in instruction, and distributes books, movies, and information, concerning art. At state-wide art meetings, Miss Satterwhite represents the county, making arrangements for exhibits.

Everyone at sometime wonders how some school program, policy, or activity is determined. Warwick High School is proud to have a School Board of such foresight and knowledge for that purpose. They help insure the success of tomorrow by offering a well-rounded program, with modern facilities, to us today.

MRS. WINDER

MISS SATTERWHITE

Seated, Left to Right: Mr. J. M. Dozier, Jr., Mr. T. Ryland Sanford, Jr., Superintendent of Schools; Mrs. Harrison Walker, Chairman
Standing, Left to Right: Mr. William McL. Ferguson, Vice Chairman; Mr. W. R. Wills, Mr. O. J. Brittingham, Jr.

Our Faithful Guides

MR. C. A. DAVIS
Assistant Principal

MR. GEO. W. COX, JR.
Principal

After waiting an hour or two, the Warwick students believe that the busiest man in Warwick County is Mr. Cox. When a pupil needs his schedule changed or a teacher sends someone to the office or even if a parent wishes to discuss a student's grade, the one to see is Mr. Cox, Principal of Warwick High School. Because of these and many administrative

responsibilities, and his sincere interest in his work, Mr. Cox is busy long after school hours.

The Assistant Principal of our school is Mr. C. A. Davis, who is very capable in his various duties. He obtains substitute teachers, cares for "hookey players" and administers the distribution of locks and lockers.

The Parent-Teacher Association, consisting of the parents of the Warwick High students and the high school faculty, sponsors outstanding programs such as "College Night" for the students interested in college work. The P. T. A. also helped furnish the Guidance Department. It is through the thoughtful consideration of our parents, teachers and administration that our life is guided, at school and at home.

Mrs. L. E. Woolridge, President; Mrs. Irving Clay, Vice President; Mrs. Stafford White, Secretary; Mrs. Samuel Phillips, Treasurer; Mrs. Miriam Hamilton, Parliamentarian; Mrs. William McL. Ferguson, Chairman of Home-room Mothers; Miss Anne Simpson, Historian; Mrs. Jack Dawson, Membership; Mrs. Walter Wildman, Chairman of Ways and Means; Mrs. B. J. Pizzeck and Mrs. E. A. Provo, Co-chairmen of Ways and Means; Mrs. John W. Gray, Literature; Mrs. P. G. Slate, Jr., Publicity; Mrs. L. W. Spear, Social; Mrs. Barron R. Lee, Health; Mrs. Howard Lee, International Relations

They teach us,

"Quiet, Please"

"Please Close the Door"

Through the courteous efforts of our librarian, Mrs. Harmon, and the library assistants, the students are able to use our library to a great advantage. Mrs. Harmon is very conscientious in her duties and our library is constantly increasing its supply of books for the knowledge and entertainment of the student body.

Assisting Mrs. Harmon and pictured below, right, are Eddie Baab, Cleveland Bridges, Carolyn Bristowe, Shirley Coleman, Shirley Davis, Carolyn Evans, Ann Freeman, Dot Fox, Bernard Ghiselin, Barbara Harlow, Anna Kornhouse, Virginia Savage, Betty Skeeter, Joanne Sykes, Shirley Sutton, Mary Voight, Eloise Ward and Donna Yoder.

MRS. HARMON
Librarian

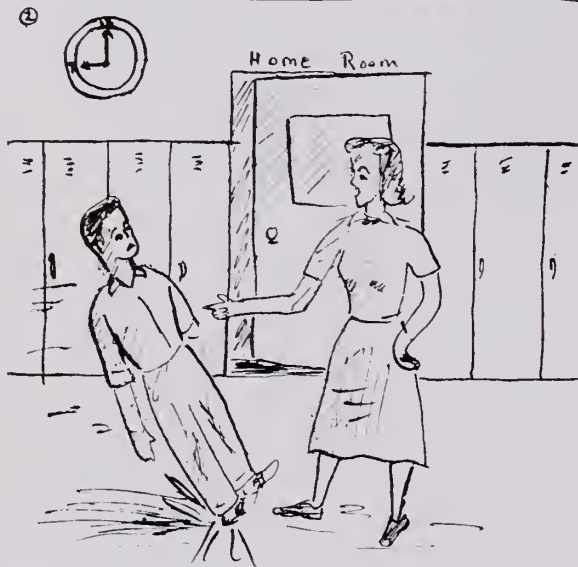

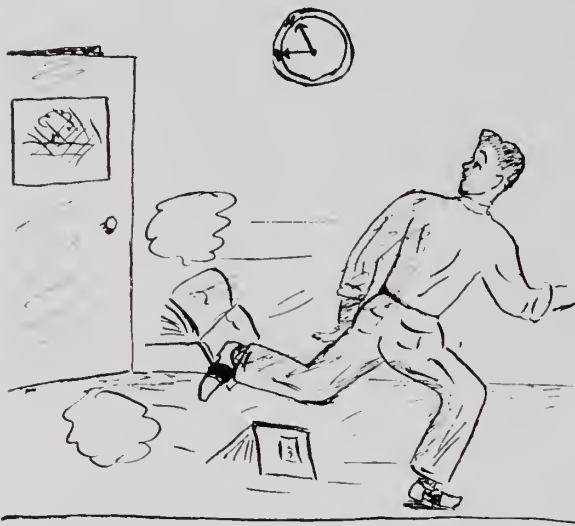

Among their duties are filing, stamping, typing, charging books, replacing them on shelves, collecting material for class use, mending books and sending overdue notices. Indeed, our librarian and the assistants are rendering services without which our schooling would be incomplete.

Throughout the school year the students of Warwick High are assisted in their problems by the very able office assistants seen at the left, below. They are: Miss Carol Ann Forrest, Miss Margo Thomas and Miss Dot Wilson, who is new to the staff this year. Their duties are extremely important and just as varied. Miss Forrest, our school accountant, we trust implicitly, since she writes checks, and pays the bills. Miss Thomas is the assistant best known to students for she gives special excuses, signs tardy slips, sends out notices, and makes transcripts for other schools and colleges. In the same office with Miss Forrest, Miss Wilson keeps the student attendance records and files. She also shares with Miss Forrest the responsibility of typing school correspondence.

These three are assisted by students who run errands, distribute notices, type, and do other forms of clerical work. They are Barbara Gerlach, LaRue Foster and Janet Bloom.

Don't forget

School would not be school without the bell that summons us to different classes. Here we try to master our courses which range from shop to Latin. No matter whether you are a freshman, sophomore, junior or senior, there's always homework to be done, themes to be written, tests to take and reports to be given. We combine pleasure with our classes, for in the five years we are in school, we make many friends and acquaintances. These friends we have made in class will go their different ways, but even though we are separated, we will still remember the swell times we had in class together.

Do you remember that first day in class when you stared at the new teacher and wondered if you would like her? . . . Then there were the times when you came to class without homework, praying that the teacher would not call

your homework

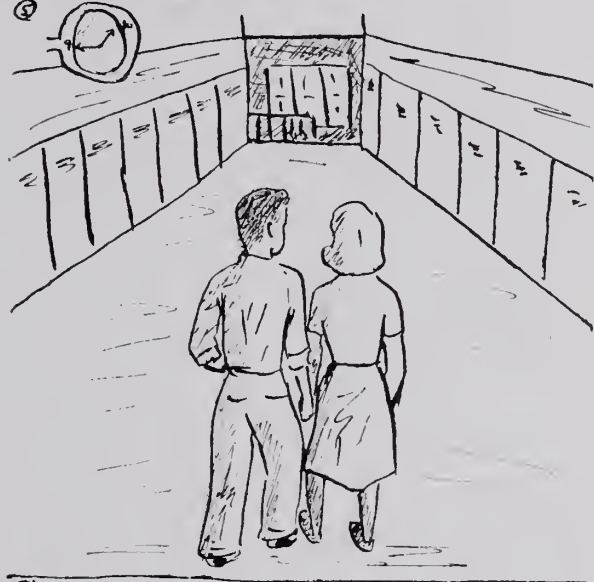

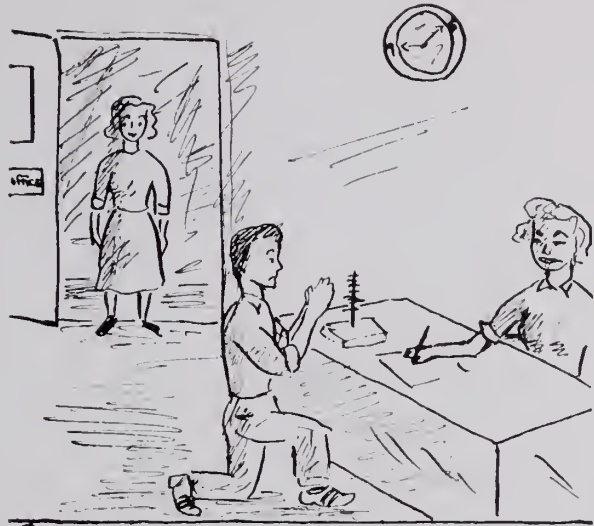

on you for that algebra problem. . . .

The time you stayed out all night and fell asleep in class the next day—for these tricks we were kicked out of class.

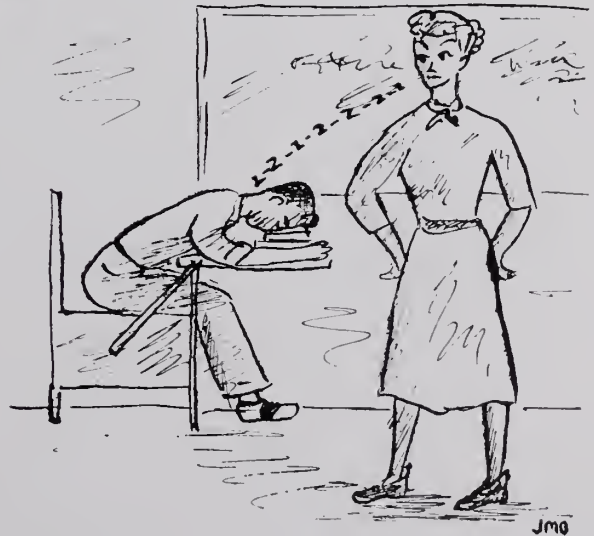

Remember when we left our library book at home and the fine ran up more than the cost of the book, so we bought the book instead of paying the fine? All in all, classes haven't been as bad as we think of them, even if we did not get O on that last exam.

By attending classes the students have learned how to get along with each other and the importance of good citizenship. Each class has certain characteristics by which it places its specific trait upon the school. Furthermore, whether great or small, every member of the respective classes has played a significant part in making the school what it is through the individual influence of each member upon others.

BETTY SUE TRUITT.....	<i>Reporter</i>

Now that it is time to leave, we would like to make a few confessions. First we would like to apologize to the office staff for confusing class schedules. Our excuses were various, but . . . the real reason was that we wanted to be in classes with our best friends. Also, we would like to apologize to Mr. Davis for the extra work we caused him by leaving the keys to our locks at home. Of course, our conduct wasn't exactly good, but remember we were just in the eighth grade.

We returned to school our second year as veterans and felt more a part of the school. The name of our school was changed from Morrison to Warwick after much controversy between the students. The confusion became so great that the newspapers began calling us Morwick.

Our third year started off with a "bang," for we arrived at school and were greeted by flying roots. In case you don't remember, the workmen had begun clearing trees and roots for our new stadium. This was made possible by the citizens of Warwick County. We shall never forget the thrill when our band made headlines at Winchester this year, too.

For the first time, our class became organized during our junior year when we realized that hard work and cooperation would make possible a prom of which we could be very proud. Our work was not in vain for our prom was a huge success and gained recognition as one of the best ever given in our school. Another thing which added to the importance of our junior year was our long awaited school rings, even though many of them didn't fit. We mustn't forget the arrival of our new coach, Bob Steckroth, who has done a great job of coaching football and other sports. To show their appreciation, the citizens of Warwick County presented Coach Steckroth with a new car at the final game of the season.

After twelve years of hard work, we are finally to be rewarded, for we are now in the home stretch of earning diplomas. Many preparations have been made for our departure from our Alma Mater. We regret that Uncle Sam has interfered with the plans of many of our senior boys.

This is the year that we leave, but our memories will always be with our school and we shall be watching it progress in the years to come.

Information, please—

In May, 1950, many students were asking teachers to recommend them for a very responsible job; this job was to be an usher for Warwick High in the coming year. Finally eight boys and eight girls were chosen to serve, some of whom had served the preceding year. The ushers had their first meeting and chose Tom Petty as chairman. Their first job was to usher Graduation Night and at Baccalaureate Services. They wear formals to most affairs held at night.

The ushers have been given the responsibility of keeping the halls looking nice. They keep flowers in the hall and try to make it look attractive for students and visitors. The ushers also are in charge of the auditorium for assemblies.

The ushers were organized in Warwick High just two years ago. Since then they have had charge of many duties which had previously been left up to the teachers. The ushers have successfully administered their duties and they have been very cooperative about staying after school to plan for coming events.

We hope the ushers will continue to serve the school and help Warwick to be pleasant for students.

Ushers: Mrs. Sarah Geddy, Sponsor; Thomas Petty, Chairman; Warren Chauncey, Dorothy Roane, Dorothy Lyliston, Thomas Meador, Jack Tonkin, Adrian Roper, Eugene Seward, William Forrest, Ann Shirley Garrett, Joan DeAlba, Phillip Hancock, Patricia Crowell, Delores Turner, Harriet Hudgins, Irving Fuller

WARWICK'S

Nineteen fifty-one has been a lively year around Warwick High School . . . interesting and gratifying. The students of Warwick feel that they have made our school a brighter place to work in.

It was early in the season when the Band made its first appearance, with its dazzling majorettes and brilliant drumbeat. The band has contributed much to the half-time activities of the football games.

This year the S. C. A. proposed and initiated a Code of Ethics, without punishment, for all students to live by.

The Farmers who like to sing may enter the chorus and continue to advance until they try out for the A Cappella Choir, which is the pride and joy of our school. The Glee Club has presented operettas and pageants for the entertainment of the students.

Warwick High School is proud of their drama department, which is constantly increasing and working for higher standards. The drama classes have produced some excellent shows in the past year, and the school has purchased many new items for the drama department. We shall never forget that comedy success, "January Thaw," or the dramatic production, "Our Town."

The ushers play a large part in our school program, too. They have taken charge of leading the students in and out of the auditorium and they have also kept our halls neat and greeted visitors.

Then we must not forget the Journalism Department. It is divided into two parts, the annual staff and the newspaper staff. The annual staff publishes THE WARWICK. Our newspaper, *The Sponge*, prints all the news and gossip of our school. Through the cooperation of the students, they were able to purchase their own printing equipment this year.

Our schedules are arranged so that we may include activities every year if we want. Each can find interest in one or another of these. These activities benefit the student, too. Through our student government, we learn the importance of cooperation and individual responsibility.

The annual class has tried to picture as closely as possible the activities in our school and the students' participation in them.

These are the things we will remember among our fondest memories . . .

DONALD ELLIS, *President*

MRS. SARA GEDDY, *Sponsor*

Democratic Ways and Means

"We, the citizens of Warwick High School, students and faculty, have drawn up this Code of Ethics to guide us in making our school a better place to study in, to work in, to live in, and to make ourselves better citizens of the home, of the school, of the community, of the country and of the world."

This is the preamble to the newly adopted Code of Ethics. This code is one of the many functions of the Student Cooperative Association. Our student government has been busy this year trying to instill in each student a feeling of honor and responsibility. Several committees have been formed to set up this code. To help the S.C.A., the Senior Class adopted this code to try

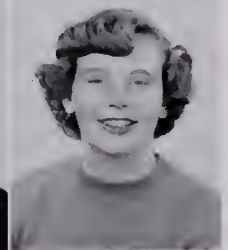

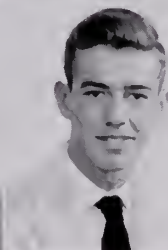

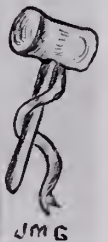

it out and to find the weak and strong points of it. In future years, we hope all of the students will abide by these rules.

The S.C.A. also is responsible for all activities in the school. The dance committee sponsors several dances. The Christmas Dance, with an excellent orchestra and festive decorations, was a big success.

One of the important jobs of the S.C.A. is to make newcomers feel at home. For example, the S.C.A. this year gave a square dance at which the seniors entertained eighth graders.

The S.C.A. has done many things for the school, and we know it will always be a cooperative body upon which the school can depend.

The Staff That Aged Overnight

When the eight students who were selected for the annual staff, began school this year they had no idea of the fun and work they would have before the year was over. The staff began their subscription campaign in September. They managed, after much salesmanship, to take orders for five hundred annuals. The next step was to get the businessmen on the Peninsula to advertise in *THE WARWICK*. For several weeks members of the class were "going wild" to see who could leave school to obtain advertisements.

When all of the advertisements were collected, the class chose the cover and unanimously agreed on the dedication.

Finally the financial end of the annual was settled and they drew their dummy. At its completion, a picture schedule was made, and a month of picture taking began. For many afternoons the annual class stayed after school mounting pictures. But the last week of annual work was the hardest. Last minute stories to be written—checking numbers—the class lost many hours sleep.

When the last bolt was tightened, all the annual class began to recuperate and by the time you read this, they *may* be glad it happened.

JMG

The *Sponge*, Warwick's school paper, is of great interest to all the students. Its co-editors, Robert Gray and Rodney Soholt, contribute a great deal to its success. The staff's sponsor, Miss Helmer, is always ready to assist the class in every possible way.

There are fashions and gossip for the girls, supplied by Dottie Roane, the news editor, and Pat Roper, who is make-up editor. Pat Foretich and Lucille Brandt, the typists of the class, also help to supply the news. There are many articles about sports for the boys. Jimmy McCarron, the sports editor, is very capable of writing these articles as he participates in many of the school's athletic activities himself. Donald Schey is the feature editor and a very good one. His articles of school life are enjoyed by all the students. Of course, the class wouldn't be complete without its business manager, Peggy Booth.

The *Sponge* creates enthusiasm and unity among the Farmers and it is a paper which everyone can be proud to call his own.

An Actor's Work Is Never Done

With the coming of a new drama director, Warwick has presented some excellent plays. The drama department is steadily increasing, having purchased and built much more equipment than Warwick has ever had.

There are two classes in drama, beginners and advanced. The first year students are introduced to stage terminology and the history of the theatre. They are also shown the basis of acting and pantomime. The Drama I Class presented several one-act plays in order to gain experience on the stage.

The second year class studies techniques of acting and advanced courses in make-up. The Drama II Class also presented one act plays. These students, in addition, gain experience in directing set designing.

Two three-act plays were given this year. Try outs were open to all students in the school. The first play was "January Thaw," a three-act comedy about two families disputing the ownership of a house in which they lived. These disputes supply the humor of the play.

The second play, "Our Town," was a dramatic production of the plain everyday life of small-town people and the way they grow up, marry and die.

We hope that the drama department will continue to grow and become an outstanding function of Warwick High School.

Look What's Coming!

That added touch which is present at every football game is furnished by our colorful sixty-five piece band wearing the traditional maroon and gold of Warwick. We in the county take pride in the performances which are presented by our band. The band not only entertains us by playing at games, but also this popular organization plays for civic clubs, parades, and gives seasonal concerts which are eagerly awaited by all the area, for the music presented at that time ranks as the best musical entertainment in this vicinity.

A band is only as good as its director; therefore, Warwick is proud of having as its director, Mr. Lyle M. Smith. Mr. Smith has been well received by the entire school, not only for his leadership, but for his congenial manner. However, Mr. Smith is unable to lead the band when it is on the field, so the responsibility of this task falls on the slender shoulders of Raymond Hudson, our drum major. Raymond has repeatedly proven himself a master of the situation by leading the band through

difficult maneuvers. With Raymond will leave a commendable record, for not only has he gained a thorough knowledge of music by playing for five years in the band, but he has also been concert master, first chair solo and drum major.

Perhaps the band is best noted for the wonderful half-time shows which it presents at all of the Farmers' games. After marching for several minutes, the band quickly steals into a formation which spells out the opposing team's name. The job of seeing that these formations are accurately made is shared by the drum major and the majorettes. At the head of each line will be found a majorette whose job it is to lead her line into correct position. These beauties of the band will not fail for they have obtained this high status only by working diligently. The girls are chosen only after completing a course which requires their expert knowledge of marching, their standing as a band member and, of course, their twirling ability.

Since its founding five years ago, the band has

On Stage! *Warwick Band*

received honors and degrees which are rarely bestowed upon such a young organization. In the first year of competition, it walked off with top honors at the District Festivals and later captured the hundred dollar prize and trophy given at the Newport News fiftieth anniversary parade. The following year the band again took first place and on a trip to Winchester, placed second.

Every year Warwick has been represented in the All-State Band, which chooses its members by competitive tryouts. The tone, ability and method of the players are considered by a panel of judges who travel to different schools and audition the candidates. This year we were represented by Edward Kennedy, bass horn player; Bill Welstead

and Madelaine Smith, who play the flutes; Raymond Hudson, coronet player, and Brian Grigsby, who played the clarinet. These students have always been outstanding in their music.

Our band has done exceptionally well and we hope it will continue to do so in the future.

MR. LYLE M. SMITH
Band Director

The Senior Band and Junior Band combine for concerts and marching. Together they consist of approximately one hundred ten.

MRS. EDNA SMITH
Director

Do I Hear Angels?

The A Cappella Choir of our school has gained praise this year as an outstanding choral group. Under the direction of Mrs. Smith, the group has sung at many affairs, both in school and outside. They sing outside of school upon request and they are kept quite busy. To be a member of this choir, no specific grade is stressed, but one year of Glee Club is required, along with ability to sight read music. If you were to listen to them singing sixth period, you would hear them practicing and making preparations for their next program. Whenever the choir sings, we can be sure they will do well and make a good impression. We hope the A Cappella Choir will continue to be the outstanding group it is this year.

A Cappella Choir

Music From Sweet Voices

JMG

The Mixed Chorus of Warwick High School is composed of the Glee Clubs from the ninth, tenth and eleventh grades.

They meet daily for an hour in the new music room that was built last year. Under the direction of Mrs. Edna Smith and Mr. Lyle Smith, the Mixed Chorus is the largest chorus that has ever been in the history of our school. It consists of about one hundred and fifty students.

They participate in various functions of the school and appear in the fall and Christmas concerts. At these concerts they sing selections, both sacred and secular.

When the beautiful month of May comes along, you will hear singing as never before because they combine with the A Cappella Choir to render the music of the May Day festivity. Attired in white, they add to the scenic beauty of May Day. The Mixed Chorus also sings at the Baccalaureate and Commencement services in June, which are the last programs of the year.

We hope that the Mixed Choruses will continue their fine work by participating in the musical concerts of the school.

Mixed Chorus

That added touch

To further round out our school life, we have numerous clubs. These clubs create interest among the members and broaden our knowledge in special fields.

"Los Picardos," the Spanish club, brings to attention our friends and neighbors "South of the Border." Among the club's activities are parties, movies and many projects sponsored by the students. The members have presented assemblies which informed us of Spanish speaking countries.

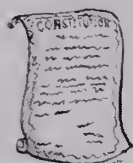

"Ready and Willing" are the boys in our Key Club. This organization was founded two years ago by the Hilton Kiwanis Club and is always willing to help the school in any way. As a social service club with twenty members, it is constantly working for the betterment of the school.

The industrious salesmen of our school can be found in the D. E. Club. The members have part time jobs after school. From their own practical experience, they learn good salesmanship and the principles of business careers.

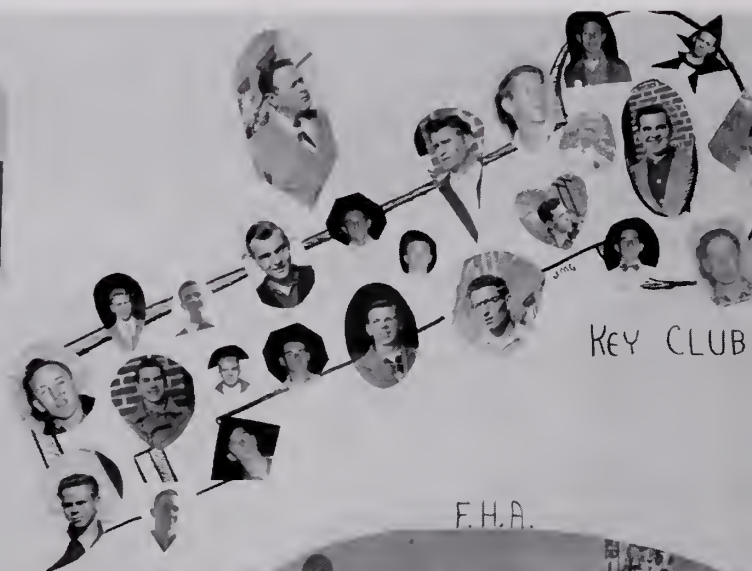

Our Home Ec. girls belong to the F. H. A. Club. These girls are given the facilities and instruction necessary to prepare them for better homemakers. They learn the basic fundamentals from the experts and then put their knowledge to work. Sewing, cooking, and keeping house constitute the activities of this club which puts fun into homemaking.

Seniors At Their Best

The seniors began their busiest year by electing officers. They chose Adrian Roper, president; Gene Seward, vice president; Jean Matthews, secretary; Virginia Fox, treasurer, and Betty Sue Truitt, reporter. Two dollars was set for dues to go for a present to the school—a trophy case. Arrangements were made for a student-faculty basketball game and the money made on it went into the Senior Class treasury also. At the time of this publication, everyone still has their fingers crossed and hope we can raise the money.

Next on the agenda was the selection of class colors, et cetera. The colors are blue and white; the song is "You'll Never Walk Alone;" the flower is the red rose, and the motto is, "Another book is open which is the book of life."

The seniors selected their outstanding personalities; then the Senior Leaders were chosen. The teachers nominated our outstanding students and the senior class voted for them. The voting was so close that six leaders were selected instead of the usual four.

Plans for a senior party were made and the senior class learned to work together. The senior sponsors, Mrs. Pully, Mrs. Andrews, Mrs. Forrest, Mrs. Millner and Miss Helmer, were cooperative in allowing the class to have meetings when necessary and they are the ones who guided us through our most important year.

The seniors of Warwick were lucky to have quite a few athletes who starred in the football game against Newport News High, when the senior class got the thrill of their school career by seeing Warwick trounce Newport 26-7.

Now the seniors have circled their last lap of high school. They will have in one hand a diploma and the other hand will clinch the memories of Warwick High.

DOT LYLISTON

JEAN MATTHEWS

ADRIAN ROPER

Pride of

Alert! Eager! Capable! These simple terms most effectively describe the six senior leaders chosen for their ability to lead the students of Warwick High School.

Dorothy Lyliston with a twinkle in her eye is the editor of our annual, *THE WARWICK*. She attended Hilton Elementary School before coming to Warwick High School. Upon entering high school, "Dot," as she is known to her friends, started taking a very active part in the activities of our school. Some of them were: Cheerleading, the A Cappella choir, S. C. A. Committees, Junior-Senior Prom Committees, Latin Club and Girls' Monogram Club. Her chief interests, however, were cheering and choir.

Dot was chosen "Best All-Around Senior Girl," and this is typical of her because she takes her problems in her stride and never gets upset.

Upon graduation, she plans to go to college, but has not yet chosen the school. We are sure she will attribute much to whichever school she attends and we wish her the best of everything in the future years.

Here comes that Typical Senior Girl with the winning smile, Jean Matthews. Jean is a very sweet girl with a kind word for everyone, and hers has been a brilliant career for a high school girl. She served as

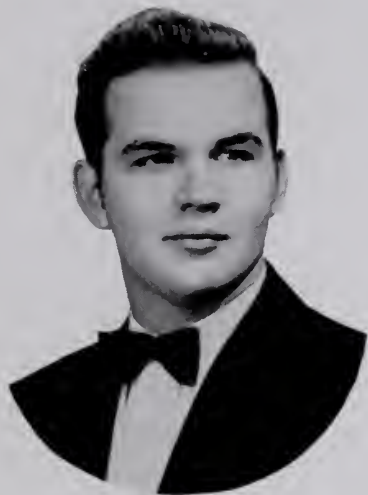

secretary for the S. C. A., a cheerleader for three years, Secretary of the Junior Class, and she recently won the D. A. R. award. She also was on the May Court.

Jean has taken a great interest in the S. C. A. since she entered high school and is seen at all the ball games, leading the students in vigorous cheers.

During her five years at Warwick, Jean has taken a business course to prepare herself for the future. After graduation she hopes to become a secretary to some business concern and we know she will do well at this.

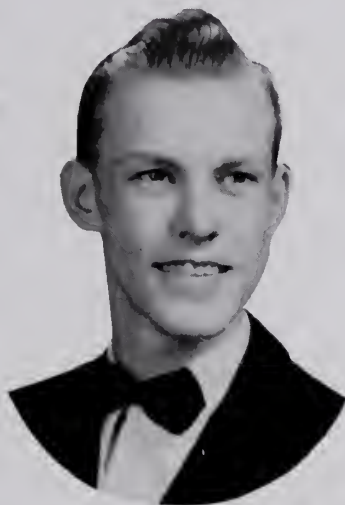

Adrian Roper, known for her charming personality and leadership, is one well chosen for a senior leader. She was voted president of the Senior Class and she well deserves the responsibility. She has taken part in many activities, including the Glee Club, S. C. A., May Court, Latin Club and cheerleading. As captain of the squad, she has done a grand job leading the peppy yells at the school games. She was also chosen the Most Popular Senior Girl in her class. This title is well deserved because Adrian is well liked by all her friends.

Upon graduation, she hopes to attend Mary Washington College and major in sociology. We wish her all the luck in the world and know that she deserves it.

DON ELLIS

ROBERT GRAY

RODNEY SOHOLT

the Seniors

Donald Ellis, President of the S. C. A., is a boy most likely to succeed with his winning personality. He has been a leader throughout his career in high school. His chief interests are in science and mathematics, and he has a deep interest in the betterment of the school.

A predominant figure in both sports and school organization, Donald participated in various activities such as football, the Spanish Club, Key Club (of which he is president), and track team.

Donald plans to enter Alabama Tech, Auburn, Ala., and to study medicine. With his ability to win friends and his academic record, we know he will have no trouble in becoming a doctor. We wish you success in the future years and we will be watching your progress, Donald.

Robert Earnest Gray, better known as Robert, is a person well chosen for a senior leader because he not only makes friends easily, but is always willing to help the other fellow. Co-Editor of the *Sponge*, he seems very interested in the newspaper business. He took part in many activities such as baseball, basketball, D. E. Club (serving as president), dramatics and Glee Club. He thoroughly enjoys singing in the Mixed Chorus also, and is Chairman of the newly adopted Code of Ethics

which the S. C. A. is trying to form in the school this year.

After graduation, Robert plans to attend Moody Bible Institute and prepare himself for the ministry. We know he will do a wonderful job because his heart is always in his work. We wish you the best of luck, Robert, for we know your future will contribute much to society.

Who is that tall blonde boy who came to Warwick High School last year? That is Rodney Soholt, Co-Editor of the *Sponge*. Born in Alaska, where his family was living at the time, he has traveled to many different states and has attended many different schools.

He is interested in sports and likes to write articles for the school paper. Since coming to Warwick, Rodney has made many friends because of his pleasing and easy manner, and is always ready to help his fellow friend in a job that has to be done.

Taking a leading part in school activities since coming here, Rodney played football, basketball, and was Parliamentarian of the S. C. A. After graduation, he hopes to enter West Point Military Academy in New York, where he plans to take up aviation. We wish him the best of everything and we know he will achieve his goal in the future.

Victory! *Victory!* *Is Our Cry—* *V-i-c-t-o-r-y*

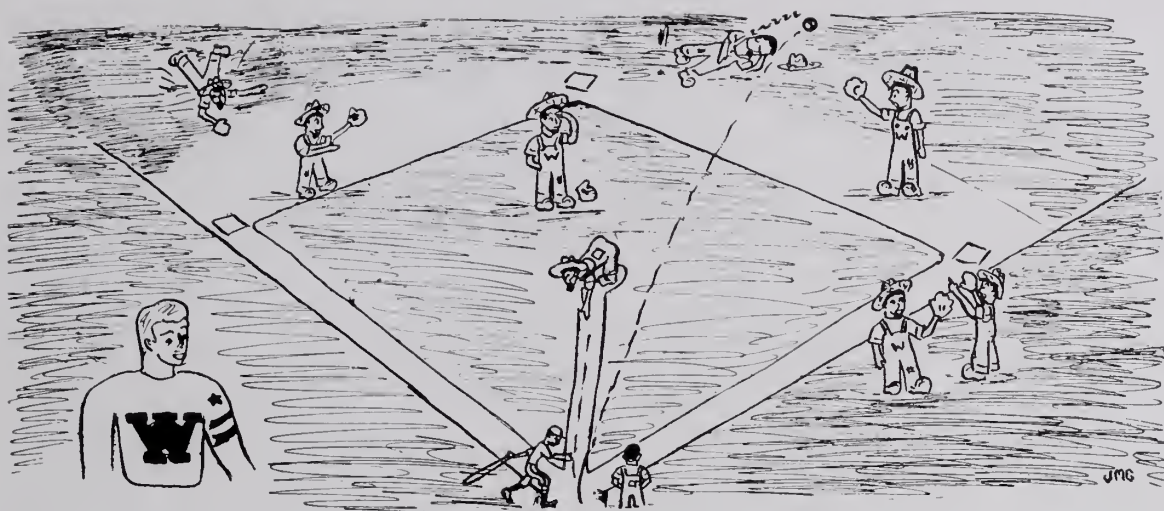

Once again the Maroon and Gold opened its athletic season with a wet and muddy reception. Our first game was with Emporia, and as in 1949, the field was wet and the thrills many.

Warwick was the most spirited school on the Peninsula this year and the students and

citizens of the county backed our team "all the way." There was standing room only at all the games. Mr. "All the Way" Colgen was ever present and we know that he played a big part in Warwick morale.

The Farmers had a satisfying football season in 1950, winning four and dropping

six. The season had all the markings of a flop until Saturday, October 28. This was the night the Farmers knocked the wind out of the Typhoons.

The basketball season opened with Catholic High, of Norfolk. Big Tom Feamster and Tom Petty were the wheels in the fast Farmer attack. The Maroon and Gold played a full schedule during the '50-'51 season and we are proud of their fine showing.

This year's edition of the Farmer thin clads began practice just before Christmas. The season is not complete as we go to press, but we know they will do a fine job in the

Eastern District Conference. Although we lost many lettermen, the Warwick Nines have already begun to warm up on the diamond.

The pep rallies, the coke after the game, and the victory parties were all a part of the week end festivities. The spirit of the little Farmer was everywhere from Parkview to Lee Hall. This little fellow was the toast of Warwick County from September to May. He played his best on the gridiron, was always on his guard on the hardwood, was at his best on the diamond, and ran his heart out on the cinders.

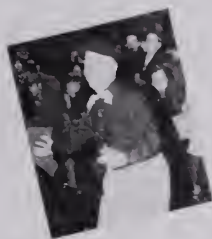

We beat

On a chilly Saturday night in October all of Warwick County moved to Saunder's Stadium in Newport News, preparing for the annual football game between the "Fighting Farmers" of Warwick High School and the "Golden Typhoon" of Newport News High School. There was an air of excitement as the crowd began to fill the grandstand and bleachers. Before game time almost ten thousand people had been seated.

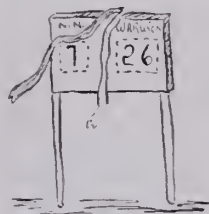

For three years Warwick had tasted defeat at the hands of the "Typhoon." Mr. "All The Way" Colgan brought along a bucket full of Warwick County soil so the "Farmers" could play on

familiar ground. Both teams looked good in the pre-game "warm ups," but only time would tell which one would set the pace and if they could hold it for sixty minutes of rough and tumble football.

We held our breath while the Warwick and Newport News Bands put on a fine show before the game. The Warwick Band formed an arch and played the "Victory March" while the Maroon and Gold "Farmers" ran onto the field. Newport News won the toss and elected to receive. The bands left the field and the players lined up.

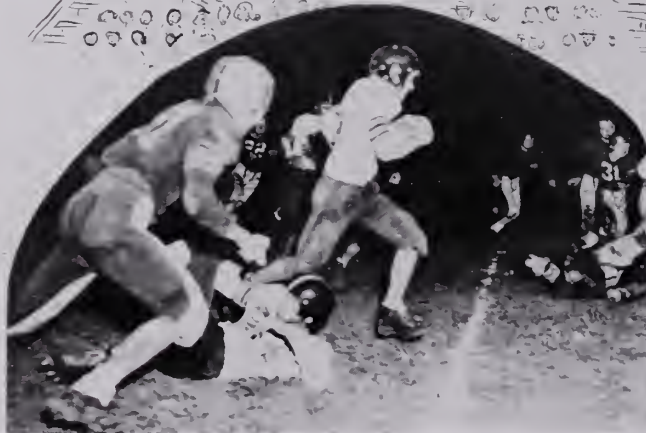

MR "ALL THE WAY"

Bobby Beaver

CO-

Newport!

Cardwell took the opening kick-off for Newport and from then until the third quarter it was anybody's ball game. After Feamster caught a spectacular over the shoulder pass and stepped into "pay dirt" Warwick was always in the game. Coming onto the field in the third quarter, the Farmers let it be known that they would not be denied this game. Before the end of the third quarter it was apparent that Warwick's big "Farmers" would "go all the way." Behind the brilliant running of tailback Tom Petty, the Farmers soon took over the play completely. For the first time in three years, we came out on the

long end of the score. The "Golden Typhoon" went down to the tune of 26 to 7.

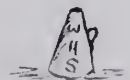

The stands went wild. Warwick County literally ran all over Newport News. Horns blew into the early hours of Sunday morning. Many of the spectators and players attended victory parties until they could no longer keep their eyes open. Even though we got to bed late, we were up plenty early Sunday morning to get a look at the sports page in the newspaper—Ah, sweet victory.

TOM FEAMSTER

Coach Steckroth

Cheered on by,

Imagine for a moment you're at a football game: The crowd is yelling for the game to begin; the band has just formed an arch on the field, and the cheerleaders are leading the team in. Rain or shine our nine varsity cheer leaders make a pretty picture in their white skirts, maroon sweaters and white "W's." Their precise movement and rhythm, along with their enthusiastic yells, lead the team toward many victories. They have done a great deal to increase school spirit and leadership through their pep assemblies. In case you don't know these spirited girls, they are, left to right: Jean Howell, Ann Forbes, Jean Matthews, Betty Hockaday, Mary Martin and Mary Ruth Bunch. Kneeling: Dot Lyliston and Adrian Roper, co-captains. We will lose five of these girls this year, but we know they will be adequately replaced.

Sparked by Seniors

These are the Senior football boys who sparked our team in their attacks against the best football teams in the conference. Among our seniors we had some of the best known players on the Peninsula. By their good sportsmanship and teamwork, they strengthen the morale of all their teammates. After they leave they will be missed by the whole team, but the prospects in the future show that Warwick will continue to have a good team.

We salute these senior players who have paved the way in A Class competition and we are sure that the classes which follow will be able to continue to make Warwick's team one always to be admired by sports fans.

Plan of Attack

Standing, From Left to Right: *Coaches Steckroth, Hamilton, McFall and Formichelli*

Mr. Bob Steckroth, the Athletic Director of Warwick High School, is our head football and basketball coach. The coach showed that he knew his business by winning six out of ten games.

Bob Steckroth was born in Hazleton, Pa., and attended Hazleton High School, where he played football and basketball. He attended college at William and Mary, where he played four years of football, two years of basketball and a year of track. He won All-Southern honors in his senior year, and also received his B.S. degree in physical education and math. His education was interrupted by the war when he served four years in the Air Force.

Mr. Bill Formichelli has been with the Farmers longer than any other present coaches. Mr. Formichelli has been head basketball coach, J. V. football coach and backfield football coach. Born in Youngstown, Ohio, he attended Youngstown High School, and later studied biological science and physical education at Shepherd State Teachers

College. His senior year in college, he was captain of the football and basketball team and was selected all-conference football player.

Mr. Romie Hamilton hails from Charleston, W. Va., but his family moved to Dunbar, W. Va., where he attended high school. While in high school, he excelled in football and wrestling as he later did at West Virginia Institute of Technology. Mr. Hamilton majored in physical education and industrial arts and attained a B.S. degree in these subjects. This is Coach Hamilton's third year at Warwick where he has served as J. V. basketball coach, football line coach and baseball coach.

Mr. Francis McFall, our track coach, was born in Front Royal, Va., and attended Randolph-Macon Academy. He entered William and Mary where he received a B.S. degree in physical education. In college he excelled in the dash department on the track squad, while at Randolph-Macon Academy he played football and basketball.

In for the Kill

Warwick High's Fighting Farmers enjoyed one of their most successful seasons in the school's history.

Warwick opened its grid campaign against an untested but veteran Emporia High team. After see-sawing in the first quarter, the outcome of the game became evident and this hard fought contest ended 19-0, with Warwick's third string driving for another touchdown.

For Warwick's first conference game, the Farmers were host to the formidable Justices of John Marshall High School, who lived up to pre-season billings of being contenders for the state crown by edging a spirited Warwick team 14-0.

Warwick engaged a pass-minded Mt. Vernon squad in their next outing. Passing on fourth down, winning from punt formation, they were able to eke out a 13-7 win. The game was highlighted by the brilliant and savage goal-line stands of a determined Warwick eleven.

Warwick broke back into the winning column by turning back a scrappy Charlottesville eleven. Lane, reputed to have been one of the conference's strong members, was no match for the onslaughts of a tuned-up Warwick team.

In the Norview game, the Farmers discovered a new running back in the form of Pete Higgins. The heavier Pilots were soon off to the races, and

built up a score of 26-6.

The Farmers were out for revenge and they took it out on the Admirals of Cradock to the tune of 28-12. The Farmers' attack alternated between the running of Higgins, Burns, Beaver, and the bullet passes of Tommy Petty to ends Tom Feamster and Earl Slye.

Then—Warwick vs. Newport—and need we say more?

Granby continued to hold its jinx over Warwick by defeating the Farmers 14-6 in a game which was played in a 50-mile-an-hour gale. Simpson and Horace Edwards turned in stellar performances in the repelling of Granby's attack.

Hampton showed why they deserved to be the state champions, by taking Warwick to the count of 55-0. Warwick never lost its spirit throughout the contest, though the night belonged entirely to Hampton.

After Washington and Lee had been credited with a 20-point margin in the forecasts, the fighting Farmers played them to a standstill in a never-to-be-forgotten game which ended 6-0 in the W. & L. team's favor. For many boys this was their last game for Warwick, and even though defeated, the boys played a game which was a credit to their ability.

"WARWICK'S PRIDE AND JOY"

2 more points for

The leading five stars of the Varsity Basketball team are, from left to right: Jimmy McCarron, Huey Mabanes, Tommy Feamster, Stuart Atkinson and Jack Williams

This year's basketball team is already making a record for itself. With the season just half over, this team has scored more victories against Group I teams than any preceding team. At the time of this publication's deadline, our team is fifth in the league. We have a well-rounded ball club and they possess two of the league's highest scorers.

Our Farmers have all the good qualities of a great basketball team. In Tom Feamster, our 6' 7" center, we possess one of the league's high scorers. "Big Tom" is feared by every team which we meet because he is able to use his height to great advantage in getting rebounds. Tommy's hook shot has been his main weapon and it has been unbeatable. We are expecting great things of him as the season continues.

Warwick's secret weapon this year has been Tommy Petty. People in basketball circles are already considering Tommy one of the five best

players in the state. He has included a variety of shots in his bag of tricks. These shots, along with his great desire to win, have made people respect him.

Jimmy McCarron is the third senior in the starting five. Jimmy is the ball handler, play maker, and floor captain. You can be sure that in every goal registered by Warwick, Jimmy had a great hand in making it good. He is one of the team's greatest crowd pleasers. In many games played this year, Jimmy has broken a tight ball game wide open by sinking his accurate set shot from way out. Along with Petty and Feamster, Jimmy is going to be hard to replace next year.

Stu Atkinson and Ray Benton are the two boys who will return from this year's team. Who is given the assignment of guarding that 6' 8" giant on the opposing team? Why, it is none other than 5' 11" Stu Atkinson. Stu, while only a junior, is a

Warwick

veteran performer on our team. A guard of top caliber, he is assigned the task of stopping the high players from other teams. Stuart's qualities are not all defensive, however. He is one of Warwick's most consistent scorers. Equally adept at shooting with his right or left hand, it is practically impossible to keep him from scoring.

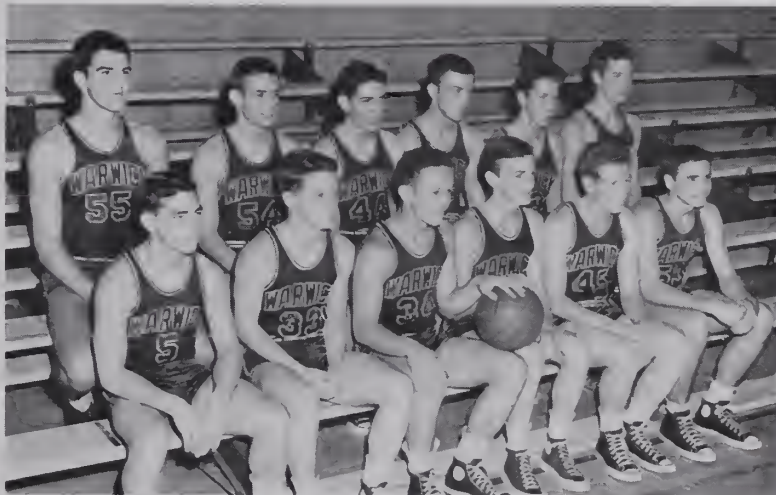

Little Ray Benton is the spark plug of Warwick's team. In every game this season Ray's ball hawking and great spirit have kept all the boys on their toes. His favorite shot is driving into the basket and hooking in two points.

These five star boys, however, cannot play an entire ball game. Warwick's success this year has been due to the fact that the reserve strength on the bench is above par. We have many boys on our bench who are capable of playing first string for many teams in the league.

Boys like Jack Tonkin, Penoke Williams, Jerry Collins, Jimmy McCarron and Eugene Byrd will be hard to replace. Yet with such boys as Stu Atkinson, Ray Benton, Hugh Mahanes, Charles Moore and Jerry Vaughn returning, next year's team will be star studded also.

Warwick's high scorers pictured above are: (top) Tommy Petty and (bottom) Tom Feamster

The Varsity Basketball Team, Back Row: Tommy Feamster, Bobby Beaver, Eugene Byrd, Huey Mahanes, Charles Moore, and Tommy Petty. Front Row: Jack Williams, Jack Tonkin. Stuart Atkinson, Ray Benton, Jerry Collins and Jimmy McCarron

What's the score?

Warwick opened its schedule with Norfolk Catholic. The boys from across the river edged Warwick 33-30, but they knew they had been in a ball game. Everybody played, and the crowd was well pleased with the boys' showing. The last game before the holidays was against the Maury Commodores in Norfolk. The score was close through the first half, but in the second half the Commodores showed an accuracy which they have never matched the rest of this year. The final score was 54-32, because Warwick's main trouble thus far had been the inability to floor a team which could play together.

point for point throughout the first half. At the half time the score stood 21-19, Newport. In the second half, they pulled away via some fancy shooting. Though we tried hard, it was just a case of a team experiencing an off night, so the gun went off while the score was 58-31.

We returned home to play Maury next. Here Warwick regained its form completely by out-classing Maury, 56-44. This game was sweet revenge, for the Commodores had beaten us earlier in the season. Wilson, the league leaders, invaded the county and after trailing a fighting mad War-

12-19	Norfolk Catholic	33	Warwick	30
1-2	Maury	54	Warwick	32
1-5	Hampton	42	Warwick	48
1-9	Cradock	47	Warwick	63
1-13	Granby	52	Warwick	42
1-16	Newport News	58	Warwick	31
1-19	Maury	44	Warwick	56
1-23	Wilson	55	Warwick	49
1-26	Cradock	39	Warwick	41
1-30	Exams			
2-2	Norview	There	Warwick	
2-6	Matthew Whaley	There	Warwick	
2-9	Norview	There	Warwick	
2-13	Newport News	Here	Warwick	
2-16	Hampton	There	Warwick	
2-20	Granby	There	Warwick	
2-23	Norfolk Catholic	There	Warwick	
2-27	Open			
3-2	Wilson	There	Warwick	
3-6	Matthew Whaley	Here	Warwick	

The Farmers returned from the Christmas vacation and started off on the right foot by upsetting Hampton, 48-42. In this game the team found itself; while turning back a team which had been touted for the state championship. Warwick continued its winning ways by completely out-classing Cradock High, 63-47. The 63 points scored in this game were more than any Warwick team had ever scored. The score could have been much higher, but Coach Steckroth held his charges back.

The following weeks saw a smooth Granby quintet take the measure against Warwick, 52-42. The Comets used their height and some red-hot shooting to gain the victory. Tackling Newport News next, the Farmers matched the Typhoons

wick team for three and a half quarters finally edged out 55-49. This game will long be remembered by all, for our team looked great even in defeat. The boys played the greatest game witnessed at our gym so far this year.

The Cradock Admirals were host to the Farmers in their next conference bout. We promptly carved out a 41-39 win, though the game wasn't as close as this score indicates. The local boys were continually hampered by the smallness of Cradock's gym.

The season is just half over as we go to press, but as the season wanes we expect the name, Warwick Farmers, to be the scourge of the league.

Lots of Pep!

Rah! Rah! The J. V. Cheerleaders really give out with yells at the games. This is the second year we've had cheerleaders for the J. V. sports and they have done an outstanding job. With their white skirts and sweaters, topped by maroon and gold letters, they are ready to cheer the team to victory at all times.

Back of line
"King Cole"
1924
Mary Ellen
Edwards

Left to Right: Sandra Cromwell, Kay Wilkins, Suzanne Provo, Carolyn Naumann, Phyllis Edwards, Sylvia Carter and Shirley Howell. Kneeling: Mary Ellen McDonald. Not Pictured: Dot Krause.

Every year in the spring, you can see girls all around school going through the motions of our yells. A few weeks later tryouts are held and girls are selected to take the place of those who have acquired varsity status. As these girls move up to the varsity squad, you can be sure they are well prepared for their new positions.

DON SMITH AND DONALD MILLER
Co-Captains

Future

Mr. William Formichelli, assisted by "Pop" Beaver, coached the Junior Varsity football team and produced the best J. V. team in recent years.

Roger Stickland, Bill Kooch, Stanley Wheeler, John Miller, Don Smith, Tom Bales, Bill Clarke, John Colgan and "Pep" Fuller were the boys who saw the most duty. Playing in every game, they gave their best in winning the game.

The J. V.'s played four games this year, beating Newport News 18-6 in one game and tying the score in the second game with the "Breeze." The last two games were with Woodrow Wilson's baby "Presidents" and Poquoson, whom we beat.

In the opening Newport News game, Stickland showed the crowd some fancy running. Stickland and Kooch scored for the little Farmers while Don Smith and Tom Bales were outstanding in the line. The score was Warwick 18, Newport News 6.

As the Farmers faced a strong Woodrow Wilson J. V. team, it seemed that anyone who did not play first string varsity at Wilson played Junior Varsity. The "Presidents" were much too strong for our boys and we bowed 32 to 12.

"Bull Islanders" now know it does not pay to play or fight Warwick, for the Poquoson boys lost 18-0. The strong running attack of the baby Farmers was much too strong.

For the last game, Newport News fought back the Farmers and gained a hard-fought 6-6 tie. "Pep" Fuller starred by intercepting or blocking a dozen or so "Breeze" passes.

Our J. V. football team did an outstanding job this year and we look forward to seeing many of these boys with the varsity next year. They were coached by Mr. Formichelli who mentored a very capable team.

Big Dogs

Coached by Mr. Hamilton, the Junior Varsity basketball team, one of the best Warwick has ever had, has as full a schedule as the varsity. The only game the J. V.'s don't participate in is the game with Whaley.

Hancock, Clodfelter, Williams and Fortiech are the "big wheels" of the J. V. attack, with Jerry Vaughn as center, doing a nice job following in his brother's path.

Warwick vs. N. Catholic was the first game of the season and the J. V.'s proved they were a well-rounded team by downing the Catholics 38 to 37. Williams showed the way by scoring 17 points.

In the Warwick vs. Maury game, the little Farmers had the cards stacked against them when they left for Norfolk, and they came out on the small end of a 60 to 38 score.

The baby "Crabbers" of Hampton found the taste of defeat slightly sour as Williams and Vaughn teamed together to help down them 40 to 35.

The Warwick vs. Cradock game was almost in the books for the Farmers when a Cradock player tied it up with a few seconds remaining. In the overtime Cradock dropped in 3 points and won 33 to 30.

The J. V. "Blue Comets" were as hot as their Granby big brothers and downed the Farmers 47 to 30.

But the "Breeze" had to fight hard before they could beat off the little Farmers even though the Hamiltonians finally admitted defeat and accepted the score of 39 to 35.

Maury made a clean sweep in the J. V. series and defeated the Farmers 58 to 27. While Warwick vs. Woodrow Wilson—the "Prexies" of Woodrow Wilson knew that luck and height won them the close one of 51 to 41 from the Warwick men.

The Cradock baby "Admirals" made a second victory over the Warwick J. V. with a 40-22 score.

The Jr. "Pilots," of Norview, proved to be a strong quintet, but not strong enough for Hamilton's Farmers. The Warwick five behind the shooting and floor play of Williams, Hancock and Clodfelter defeated the Norview team 39-38, after a wild fourth quarter.

As we go to press the season is not complete. The remaining games are as follows: Norview, here; Newport News, here; Hampton, there; Granby, here; Wilson, here.

Pictured is Coach Hamilton's J. V. basketball team which had a fair season even though "Lady Luck" wasn't with them in all their games. They lost many of them by a very close margin.

Best of Luck
to new team!

Best of Luck
to a new team!
-Wally-

"Run For Your Life"

Once again Warwick's team showed up well in interscholastic competition with other schools. Under the guidance of Coach McFall, our track team was soon to be respected by all who opposed them on the cinders.

We at Warwick begin preparation for track as soon as the leaves turn brown. Each afternoon during football and basketball seasons, our track team could be seen jogging through the Museum, though it isn't until March that serious training begins. The months of jogging then begin to pay off. Time trials, wind sprints, and distant runs become the order of the day. April usually ushers in the first track meet. A week before the scheduled meet, the boys begin to taper off. Months of sweat and hard work go into making this day a rewarding one for Warwick rooters.

This year's track team will be bolstered by the return of five veteran lettermen. These boys are returnees from last year's team who gave a good account of themselves in Group I competition. These boys will form the nucleus of this year's team which will contain many new faces. The loss of many last year stars, either via graduation or induction in the army, has naturally crimped Warwick's plan to a certain extent. However, this year's track team will give a good account of itself as have all Warwick track teams in the past.

Pictured, Top: *Walter Wildman*
Bottom: *Banner Johnson*

Above is pictured this year's track team and we are looking forward to hearing great things about

“Hit ‘N’ Run”

The '51 Warwick baseball team has not yet been formed, so we will recapture last year's record. "Penoke" Jack Williams was our flashy second baseman, in his second year of handling the apple.

Bobby "Buckshot" Parker, a returning letterman, was our alert catcher, and Earl Slye, a booming batsman, held down the position of outfielder, infielder or pitcher.

Joe Guy, fast thinking and excellent on double plays, was our veteran first sackman. Gene Fox, the outfielder with a dynamite bat, was our most powerful hitter. Even when the going was tight, Gene was awake on every move—on his toes every minute of the game. Charles "Lefty" Bullock, our fireball pitcher, was also on his toes every minute of the game; while letterman Jack Crain's good fielding at shortstop kept more than one batter from getting a hit.

Jimmy McCarron, a two year man on the squad, held down an outfield post and did it well.

Bobby Beaver saw action last year as outfielder and pitcher and will be missed by the Farmers this year.

The 1950 schedule was as follows:

Warwick 6.....	Maury 8
Warwick 2.....	Woodrow Wilson 11
Warwick 6.....	Newport News 17
Warwick 5.....	Maury 9
Warwick 2.....	Hampton 3
Warwick 8.....	Poquoson 5
Warwick 4.....	Newport News 2
Warwick 6.....	Poquoson 5
Warwick 3.....	Newport News 7

1950 DIAMOND STARS

Payment In Full

Warwick High's pride and joy are the boys who have earned their letters in athletic events. These are the boys who have made Warwick High School a name in Class A competition.

Tom Feamster has well deserved his letters in football, basketball and track. Big Tom has been the talk of the Peninsula for several years. Tom Petty is also a three-letter man with his honors in football, basketball and track. He has done a fine job at Warwick in the athletic field.

JMG

Jack "Penoke" Williams won letters in football, basketball and baseball. He always helped the morale of the boys.

Bobby "Buckshot" Parker, one of the smallest lettermen, won his letters in football and baseball. Another two-letter man, Bobby Beaver, has letters in football and track. Joe Guy has in his possession letters for football and baseball. He is one of our best baseball players. Gene Fox and Doug Hunnicutt have earned their letters in football and baseball, while football and track letters have also been captured by Don Ellis.

These senior boys likewise have come through with their letters: Bill Swain, Horace and Norris Edwards, Pete Higgins, Edwin Chauncey, Frank Carver, Jimmie McCarron and Joe Goard.

Our eleventh grade lettermen are Jack Crain, Charles Bullock, Bonner Johnson, Eddie Morgan, David McLean, Stuart Atkinson, Don Smith and Huey Mahanes. Earl Sly was our only tenth grade letterman.

The future looks bright for Warwick High with all of these lettermen's experience to back our coming teams.

Work Is Rewarding

The girls aren't to be left out for they have their Monogram Club as well as the boys. It is composed of cheerleaders and girls who received basketball letters. Since basketball has been dropped from Warwick's activities, Kristina Massie is the only girl in the club who gained her letter through participation in this sport.

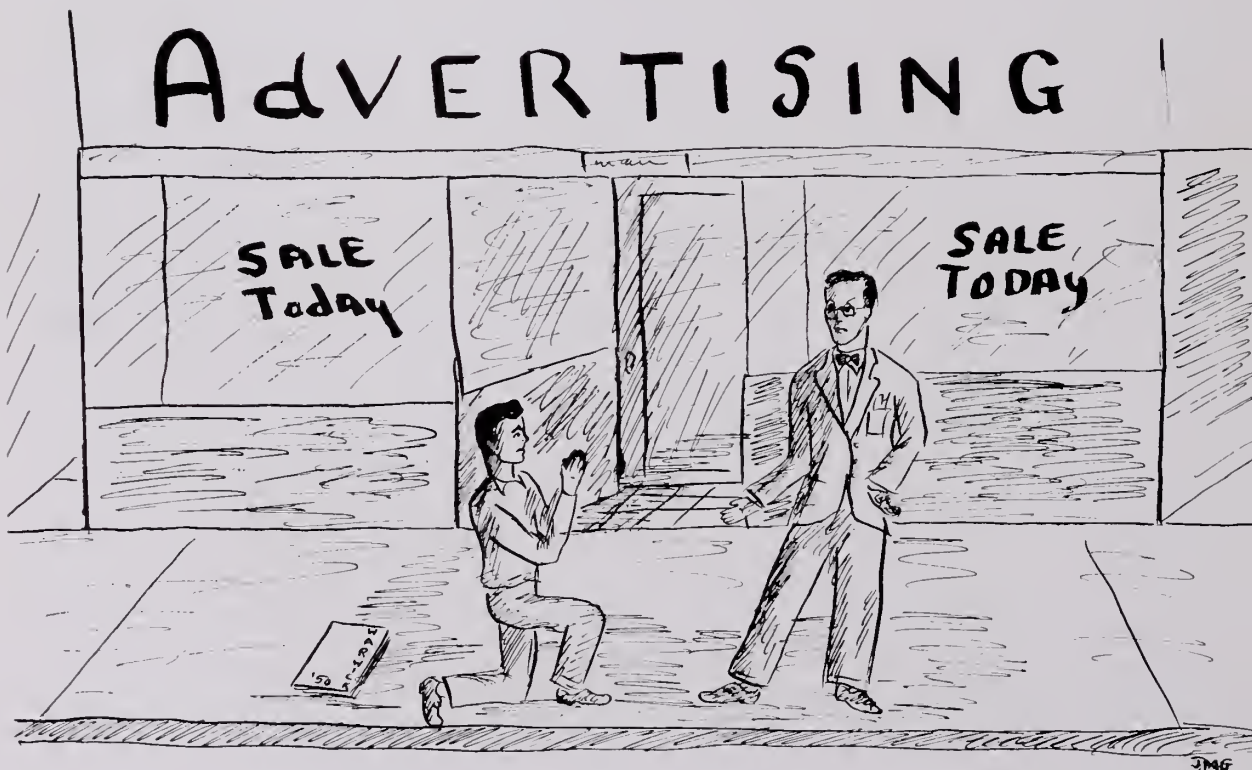

JMG

Adrian Roper, co-captain of the varsity cheering squad, has been a cheerleader for four years. Jean Matthews, Ann Forbes and Dot Lyliston, the other co-captain of the varsity, are cheering for their third year. Among the new varsity cheerleaders are: Jean Howell and Nancy Wood, who are seniors this year, Betty Hockaday, Mary Martin and Mary Ruth Bunch. Junior varsity co-captain, Mary Ellen McDonald, has been on the job for two years as have Sandra Cromwell and Carolyn Nauman.

THIS may be the last part of the annual, but there was a time when we thought it would be the only part. We visited the business establishments on the Peninsula and received ads from those shown on the following pages. Although the price of the annual was thought to be too much by many of you, without the ads from these advertisers our annual would not have been possible, for subscriptions didn't begin to pay for it. Whenever you can, patronize them and show them how much we appreciate their advertisements.

We would like to thank Mr. Hurt for his helpful cooperation in printing our annual, our photographers, Mr. Farabee and Mr. Bon-sor, and the administration for excusing us when it was necessary.

Dear friend

To a very nice girl
Ernie Bunch

Best wishes to a nice girl.
Dear friend

I hope you are
 well. I have been
 very busy lately
 with my school. I
 have been teaching
 for some time now
 and I am enjoying
 it very much. I
 hope you are also
 well. I have been
 thinking of writing
 to you for some
 time now. I have
 been so busy with
 my school that I
 have not had time
 to do so. I hope
 you are well. I
 have been thinking
 of writing to you
 for some time now.
